

Date: October 1, 2026

Subject: Welcome to National Fuel Gas Distribution of Ohio, LLC.

Dear Natural Gas Supplier,

As previously announced, National Fuel has completed its acquisition of CenterPoint Energy's Ohio natural gas utility business. The transportation programs remain unchanged, and suppliers should continue conducting business as usual. Please continue to contact CenterPoint's Gas Transportation Department for any daily operational matters and questions related to GTS until further notice.

Information and forms pertaining to National Fuel Ohio's transportation programs are available on the National Fuel website at www.NationalFuel.com/Ohio-Suppliers. For questions regarding the Standard Choice Offer (SCO) auction, please contact TSoHio@natfuel.com or call me at 716-857-6917.

National Fuel remains committed to supporting a smooth transition and will provide additional information to suppliers via the Gas Tracking System (GTS) and email as it becomes available. If you have any other questions regarding the Ohio transportation programs and the transition to National Fuel, please contact me at czechowiczd@natfuel.com.

Sincerely,

A handwritten signature in black ink that reads "Daniel Czechowicz".

Daniel Czechowicz
